Greg:

Forest Service Data was included as it was requested in a clarification to the FOIA sent on 2/28/2018. This was not included in the Draft Final letter to the requester. I have updated the final letter to include that clarification. The requester is interested in the data as provided. The clarification email is attached.

Note: It is our understanding that the BLM manages the leasing of certain Forest Service lands and we manage the collection of royalties on the production; these records and the associated information is our information to provide to the requester.

There is not anything proprietary within the data - the data is rolled up to calendar year and if we were to remove the Forest Service data (that the requester wants) the requester could request other data and be able to "back into" the forest service data.

The data is Calendar Year 2016. The Data Retrieval office gathered the 2016 data in the system as of March 2018.

The new final letter draft is attached with the clarification. I apologize for not including this in the original. I hope this answers Scott's questions. Let me know if you or Scott need anything else.

Thank you.

Tracey Fay

Tracey/Stacey,
See Scott's question below. Why did you include Forest Service land?

Thanks,

Greg

Hi Greg,
Am I missing something, or is the date provided not what the FOIA requestor was looking for?
Thanks,
Scott
